

## A New Way to Save Soap!

Just a tablespoonful of GRANDMA, the wonderful powdered soap in the water. That takes the place of all the chipping, slicing and rubbing that you do now whenever you wash or clean. And you save soap. You know just how much to use.

Isn't it simple? What woman would put up with the fuss and bother of bar soap lying around and wasting away, when she can now have this marvelous powdered soap.

## TIRE TAPE VERY USEFUL

Tire tape is to the automobile what a bandage is to a Red Cross nurse, and a man who drives a car would as soon think of leaving it out of his tool box as a Red Cross nurse would think of leaving a bandage out of her first-aid kit.

The United States Tire Company advises all its patrons to include a roll of its tape in their equipment. Its uses are innumerable. It is most frequently used to reinforce bad spots caused by blow-outs and punctures. It is also valuable for winding "leaky" electric wires or making temporary repairs to broken rods or rattling parts.

## DEMOCRATIC PLATFORM CONVENTION AT LOUISVILLE, SEPT. 4.

LOUISVILLE, KY., August 18.—Democrats of Kentucky will hold a platform convention in Louisville September 4. This was decided by a vote of 15 to 4 at a joint meeting of the Democratic State Central and Executive Committees at the Seelbach Thursday.

William F. Klair, of Lexington, made a determined effort to land the convention for that city. The three who voted with him were former United States Senator George B. Martin, of Catlettsburg; Charles M. Harris, of Versailles, acting governor, and W. A. Young, of Morehead, whose proxy was held and voted by Senator Harris. The committeemen were a unit in naming Thomas S. Rhea, Russellville, campaign chairman, upon the recommendation of the Democratic nominees.

Fifty-four hundred Democrats will attend the convention as delegates the basis of representation agreed upon being one delegate to every fifty votes or fraction thereof cast for Woodrow Wilson in the last presidential election. Delegates will be named at mass conventions to be held in each of the one hundred legislative districts throughout the State, Saturday, August 30, at 2 p. m.

In what building the convention will be held was not disclosed, that being in the hands of the Louisville business men Louisville having agreed to furnish the hall, decorations and band. In all probability, however, the Armory will be pressed into service for the occasion.

That Edwin P. Morrow, Somerset, Republican nominee for Governor is not as strong now as he was four years ago, when he made the race for Governor against A. O. Stanley, was indicated by a statement made Thursday night by J. N. Meadows, Jamestown, member of the Democratic State Executive Committee from the Eleventh District. Mr. Meadows asserted that Mr. Morrow will receive from 2,000 to 3,000 votes less in the Eleventh District in November than he received four years ago. One reason for this, he said, is that Mr. Morrow opposed another term in Congress for Cabel Powers, asserting that if Powers were nominated again he, Morrow, would be defeated in his race for Governor.

Nearly all the Democratic nominees for state office attended the meeting of committeemen Thursday and various plans for the Democratic platform were suggested.

John W. Newman, of Versailles, nominee for State Commissioner of Agriculture, made a number of suggestions, one of which, if adopted, would give the farmer representation on the State Tax Commission.

Another suggestion by Mr. Newman was that the Democrats, in their platform, declare in favor of increasing the tax for State purposes on intangible property, reducing the state tax on real estate in proportion. Intangible property is not taxed for municipal or county purposes, he pointed out and in lieu of this he thinks something should be added to intangibles for state purposes.

A third suggestion of Mr. Newman contemplated an amendment to the State Constitution whereby a Commissioner of Labor would be elected along with other State officers and through which the State Superintendent of Public Instruction and the State Commissioner of Agriculture would be enabled to succeed themselves in office.

The two officers should be free of politics, in the opinion of Mr. Newman. He said he would like to see aspirants to these offices voted for by Democrats and Republicans alike. His contention is that the State Superintendent of Public Instruction and the State Commissioner of Agriculture are just getting to a point where they can do their most effective work when the four-year term for which they are elected expires.

## MR. VAUGHN, FARMER, TELLS HOW HE LOST ALL HIS PRIZE SEED CORN.

Some time ago I sent away for some pedigree seed corn. Put it in a gunny sack and hung it on a rope suspended from roof. Rats got it all—how, beats me, but they did, because I got 5 dead whoopers in the morning after trying RAT-SNAP. Three sizes, 25c, 50c, \$1.00.

## KEEP YOUR MONEY AT WORK

Bankers estimate there are still in Wyoming thousands of owners of Liberty Bonds to whom the Government owes money. In other words, there are a lot of people who have not yet clipped the interest coupons off their bonds and cashed them. They let the bonds lie untouched with interest money due, although if a neighbor owed them \$2.12 due on a certain date, they would be after it with a sharp stick. As each interest day comes more and more bond owners are turning their coupons into War Savings Stamps which pay another four per cent, compounded quarterly on the top of the bond interest.

## MOTHER'S SHOESTRINGS SAVED SOLDIER'S LIFE.

Bradley Graham, about 18 years old, of Albany, Ky., saved his own life while fighting in France. He was wounded by a shell just below the knee. He fell and while lying there thought of a bunch of shoestrings his mother had sent him. He took the shoestrings and corded his leg and took a stick and twisted the shoestrings so tight that it stopped the blood. Several hours afterward he was found by the stretcher-bearers. His leg was amputated and he is now going to school in Washington.

The Buick Model K-Six-44

## Buick Three-Passenger Roadster

THE BUICK Model K-Six-44 possesses marked advantages for the man or woman who wishes a car of limited passenger capacity, with an exceptionally roomy and comfortable driving compartment. This three-passenger model makes the most of these desirable features, without sacrificing one whit of the modish appearance that belongs to the type.

The body is distinctly a Buick creation, broadening out to accommodate a wide, deep seat for three, then curving in at the back to form a trim rear deck with a weatherproof carrying space for luggage.

The dimensions of the driving compartment insure easy entrance or exit from either side, with the control and brake levers well forward but within easy reach. The French pleated upholstery is built for long wear and comfort.

Inclined windshield, handsome improved top of high grade material, side curtains that swing open with the doors.

## GOVERNMENT PUTS PUNCH IN H. C. OF L. CAMPAIGN.

WASHINGTON, Aug. 18.—Indications of the real punch behind the government's campaign to reduce the high cost of living were given in unmistakable fashion in many cities.

While Attorney General Palmer was telling the Senate Agricultural Committee that he intended to prosecute every dealer guilty of selling at higher prices than those listed by the fair price committees of each county, word came from Chicago, St. Louis and Birmingham of seizures of great quantities of foodstuffs by Federal officials, who recently were instructed to proceed under the Food Control Act to stop hoarding. In Chicago, 1,282 tubs of butter, worth \$50,000 were seized; in St. Louis, 284,180 pounds of coffee, which has been showing rapid advance in price, and in Birmingham 100 barrels of sugar.

## A TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." ## FREIGHT CAR RUNS WILD 14 MILES IN 14 MINUTES.

An incident without parallel in railroad circles occurred at Frankfort, Tuesday, when a single freight car made the trip alone from Versailles to Clifdale, 14 miles in 14 minutes.

An attempt to kick the car in a switch at Versailles gave it the start. A defective brake prevented it from being stopped. Two trainmen rode the car because they could not get off.
